EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **Mr. Justin M. Dillon, Reg. No. 42,486 on 09/09/2004.**

The application has been amended as follows:

claim 1, line 15 of the claim, --straight-- was inserted before "line";

claim 18, line 20 of the claim, --straight-- was inserted before "line";

claim 33, line 18 of the claim, --straight-- was inserted before "line"; and,

claim 69, line 20 of the claim, --straight-- was inserted before "line".

2. The following is an examiner's statement of reasons for allowance:

The allowability resides in the overall structure of the device as recited in independent claims 1, 18, 33, and 69, and at least in part, because each of the aforementioned independent claims recites: "a first portion of said dielectric material is positioned in an area bounded by said fuse element and a straight line connecting said first terminal and said second terminal...and a second portion of said dielectric material is positioned directly between said first conductive endcap and said second conductive endcap".

Art Unit: 2835

The aforementioned limitations in combination with all remaining limitations of the respective independent claims are believed to render said independent claims and all claims dependent therefrom patentable over the art of record.

3. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anatoly Vortman whose telephone number is 571-272-2047. The examiner can normally be reached on Monday-Friday, between 10:00 am and 6:30 pm..
